

**Monday, December 3, 2018, Ca' Foscari University – Venice<sup>1</sup>**

- 17:00 – 17:30 Welcome with finger food & *Registration*
- 17:30 – 19:00 **Inspiring talk & discussion:**  
**Venice and its lagoon in the era of global changes**  
Jonathan Baker, UNESCO  
Head of the Science Unit,  
Venice (Italy)
- 19:00 – 20:00 **Social aperitif:** visit a Bacaro (typical Venetian wine-bar) (*self-paid*)

**Tuesday, December 4, 2018, Ca' Foscari Challenge School – Marghera<sup>2</sup>**

- 08:30 – 08:45 *Registration*
- 08:45 – 09:15 Welcome & opening and short wrap-up of last year's workshop
- 09:15 – 09:45 Introduction round – get to know each other
- 09:45 – 10:45 **Multi-risk assessment: overview of concepts and challenges addressed in INQUIMUS 2018**  
SOTA 1 - **Compound weather and climate events: Linking climate and impact communities**  
Silvia Torresan, Euro-Mediterranean centre on Climate Change (Italy)  
Jakob Zscheischler, Climate and Environmental Physics, University of Bern (Switzerland)
- 10:45 – 11:15 *Coffee Break*
- 11:15 – 12:45 *Poster Session*
- 12:45 – 13:45 *Lunch Break (self-paid)*
- 13:45 – 14:00 *Group Photo*
- 14:00 – 15:00 **SOTA 2 - The behavioural turn in Disaster Risk Management - limits and opportunities of a qualitative approach for innovative risk assessment**  
Christian Kuhlicke, Helmholtz Centre for Environmental Research (UFZ), Leipzig (Germany)
- 15:00 – 15:30 *Coffee Break*
- 15:30 – 17:30 **World Café session**  
Q1) Why do we need multi-risk assessments? (for example to improve risk perception, decision-making under uncertainty, adaptive policies, risk governance)  
Q2) What are the gaps? (for example limitations of current multi-hazard/-risk assessment approaches)
- 19:00 **Social Dinner in Venice (self-paid)**

**Wednesday, December 5, 2018, Ca' Foscari Challenge School – Marghera<sup>2</sup>**

- 09:00 – 09:15 *Wrap-up of Day 1*
- 09:15 – 10:30 **SOTA 3 - Contextualising assessments – practical experience of assessment and response across differing humanitarian contexts**  
Marie Hallissey, GOAL Global, Dublin (Ireland)
- SOTA 4 - Social Media and Disaster Management – Experience from a European 'Copernicus' view**  
Marco Corsi, e-GEOS Emergency Management Centre, Rome (Italy)
- 10:30 – 11:00 *Coffee Break*
- 11:00 – 12:45 **World Café session**  
Q3) What is new/innovative? (for example multi-risk tools considering different types of interactions with climate change, disasters and resilience management, spatial/temporal scales)  
Q4) How can IT help us in understanding multi-risk dynamics and in validating? (for example big-data applications, machine learning, visualization tools, cloud platforms, GIS and Earth Observation)
- 12:45 – 14:00 *Lunch Break (self-paid)*
- 14:00 – 16:00 **Interpretation of workshop results**  
summary and way forward – panel discussion - closing of workshop

<sup>1</sup> Ca' Foscari University Venice, Dorsoduro 3246, 30123 Venice (VE)

<sup>2</sup> Ca' Foscari Challenge School c/o VEGA - Venice Science and Technology Park, Via della Libertà, 12 30175 Marghera (VE)
